

FARLIGHT

L-864 LED OBSTRUCTION LIGHT

ETL Certified to: FAA AC 150/5345-43F

Compliant to: Canadian CAR 621.19;
ICAO Annex 14; MIL-C-7989;
DGAC of Mexico

Application:

The Farlight L-864LED3.1 obstruction light provides the smallest, lightest, and most efficient LED-based solution to the FAA L-864 style of flashing red obstruction lights. This energy-saving light replaces existing 300mm incandescent fixtures, providing years of reliable and maintenance-free operation.

FEATURES

- **Replacement for existing 300mm incandescent light**
- **Uses 95% less power than an equivalent incandescent light**
- **No regular maintenance**
- **Smallest L-864 beacon on the market (10.3"D x 9.7"H)**
- **Lightest L-864 beacon on the market (18-pounds)**
- **55-watts power consumption (average)**
- **24/48 VDC model available for solar or wind applications**
- **Can be operated in flashing or steady-burning mode (with external controller)**
- **Weather/corrosion resistant**
- **Mounts to existing bolt pattern**
- **Resistant to shock and vibration**
- **Operates from -55°C to +55°C**
- **5 year warranty**
